

ZERO FOOD WASTE GROCER

Opportunity for Local Farms!

GREAT NEWS!

Your local Parkway Co-op food store is partnering with Loop Resource to send unsold food to local farms for animal use. Produce, bakery, and other items that are not suitable for sale or donation to charity will now support local farms! Healthy farms support a healthy community.

WE WANT TO HELP YOUR FARM!

If you have a variety of farm animals, and are interested in getting affordable feed while helping to keep food from being wasted, check out Loop Resource online at: www.loopresource.ca

To get involved, sign up your farm here: loopresource.ca/join or email: newfarms@loopresource.ca

Take a moment to congratulate the team in your Parkway store for going food waste free!

FEED PEOPLE

FEED ANIMALS

1. We take 100% of the potentially wasted food from ANY retail grocery and ensure that it goes to its highest and best use:
 - Feeding People
 - Feeding Animals
 - Feeding the Soil
2. We can do this anywhere in Canada without the need of expensive infrastructure, or lengthy turnaround.
3. We do it in a way that benefits all participants, providing ongoing support to stores and farms to ensure best use of the surplus.

OUR FIVE STEPS FOR WASTE REDUCTION

1. Source reduction
2. Diverting edible food to humanitarian organizations (if requested by the store)
3. Diverting food waste as feed
4. Diverting food waste as fuel
5. Diverting food waste as composting material
